

Tec-Masters, Inc.
Where Technology Meets Imagination™

FOR IMMEDIATE RELEASE

Tec-Masters, Inc. Named 2010 Top Simulation & Training Company

Huntsville, Alabama: September 14, 2010 – *Military Training Technology* proudly recognized the 2010 top performers in the Simulation & Training industry; companies making a significant impact across the spectrum of technologies and services. Those named deliver products and services that allow U.S. Airmen, Marines, Sailors, Soldiers and Coast Guardsmen to train and rehearse for missions in theater, or to prepare for deployment at home station. Tec-Masters, Inc. has demonstrated expertise in Engineering, Constructive Simulation, and Research and Development.

Tec-Masters, Inc. personnel developed key Simulation and Training products for the Fires Center of Excellence Fires Battle Lab, PEO STRI, and the Missile Defense Agency. Tec-Masters, Inc. is also the lead integrator of the Joint Fires and Effects Training System (JFETS). JFETS is a state of the art Training and Simulation Facility and has trained over 8,000 Soldiers, Sailors, Airmen and Marines in Joint Fires and Effects Operations.

“It has been our mission to provide the soldier with the best technology and training possible,” stated Bill Millspaugh, Director Simulation Technology, Tec-Masters, Inc., Lawton, Oklahoma, who was honored by the National Training and Simulation Association (NTSA) with the prestigious Individual Lifetime Achievement Award earlier this year. “A well-trained and equipped soldier has the needed facilities to do his or her job effectively and come home safely. We are honored to receive this recognition and feel privileged to have served the men and women of this great nation.”

Tec-Masters, Inc. has successfully worked in the Defense Industry for over 20 years. Headquartered in Huntsville, Alabama, Tec-Masters, Inc. provides innovative technical solutions for Defense, Federal and Commercial customers worldwide. We specialize in Mission Support, System Integration, Maintenance, Training, Creative Multimedia Production, Logistics, Information Technology, Software Development and Customized Engineering & Manufacturing.
