Where Technology Meets Imagination™

FOR IMMEDIATE RELEASE

Tec-Masters, Inc. Mentors BMK, a HUBZone company, under the Mentor Protégé Program (MPP)

Huntsville, Alabama: August 18, 2016 – Tec-Masters, Inc. is proud to announce an award from the Department of Defense (DoD) Office of Small Business Programs (OSBP) – sponsored by the Missile Defense Agency (MDA). During this Mentor-Protégé Program (MPP), Tec-Masters will Mentor BMK Secure Solutions (BMK), providing guidance in the areas of Technology Transfer and Business Operations.

“The Federal Government needs agile, low-risk Small Business service providers,” says Tec-Masters President and CEO, Dr. Marvin P. Carroll. “Small businesses like BMK can provide these types of technical solutions. We look forward to sharing our best practices and experiences with BMK.”

BMK is a Historically Underutilized Business Zones (HUBZone), Woman Owned, Small Business operating in Fairfax, VA. BMK provides secure acquisition project management services to both DoD and federal programs. They also have extensive industry knowledge of building big data systems from the ground up.

“We look forward to working with Tec-Masters as a Protégé and to be part of the DoD and MDA MPP,” says Ashley Kee, CEO of BMK. “We believe this relationship will help create value to us and to the Warfighter.”

As a part of the program, a Historically Black College and University (HBCU), Oakwood University, will partner with Tec-Masters to assist BMK in developing Quality Systems such as ISO and CMMI.

Established by Congress in 1991, the U.S. Department of Defense Mentor Protégé Program helps small businesses boost Prime and Subcontract awards by creating long-term relationships with larger, established, successful companies.

Headquartered in Huntsville, Alabama, Tec-Masters, a Nunn-Perry MPP Awardee, has supported the Defense Industry and Commercial customers for over 28 years. The company specializes in Mission Support, System Integration, Maintenance, Training, Creative Multimedia, Logistics, Cyber Security, Information Technology, Software Development, and Customized Engineering and Manufacturing.
